Creamer's Field Field Trip

We will have our first field trip on Sep 14 to Creamer's Field off College Road in Fairbanks. We are taking this trip with Mrs. Lopez's fourth grade class, who happens to be our buddy class. I sent an email with a survey concerning sack lunch and volunteer counts. Thank you to all of those families who responded. If you did not get an opportunity to, and you would like to volunteer to either meet us at Creamer's or brave the bus ride (there can be only 2 parents) please fill out the survey. There is a link on the class website.

The cost for this trip is \$5 to cover the bus and the demonstration of the bird banding fee. We will be eating lunch out there at Creamer's Field. With the rainy weather we have been having, we will be going on the trip if it is lightly raining. If we have to cancel because of the weather, an email will go home that morning informing families that the field trip was cancelled. Children should dress appropriately for being outside for a majority of the day.

Social Media

Crawford Elementary is trying to increase their positive social media presence. There is a two-fold reason for this increase of social media. The first is to give parents information in a more timely and easier manner, and the second is to get the story of our hard-working students and staff out there. Crawford will have a presence on both Twitter and Facebook.

1st Quarter Explorations

We are putting a hold on Explorations for this quarter. We will still use some of the assignments however, our Explorations time is going to change into more of a catch-up time and study hall. Explorations has become too compressed and does not foster quality work. Please do not take the Explorations packet out of your student's binder as we will use some of the assignments during another time this quarter.
